	Theodore & Pascagoula		1100

Please call to schedule your sample pick up!

When we know in advance to expect a sample, it is added to our "trip sheet" and our driver will not leave the shore base without it until we confirm that it did not make it to the shore base as planned.

If your scheduled transportation has the sample arriving close to the times noted above, call us and whenever possible we will alter our schedule to make that pick up. Our pick up and delivery service as detailed above is free!

If you can not utilize our free service, we suggest shipping by Federal Express or Hot-Shot. Please call Richard Ricau or Nicole Bailey with any questions at all or to schedule your samples!
